2040 PLAN: CHALLENGES

Although we have a pause in the rapid growth of the past decades, population projections show that approximately 270,000 more people, 94,000 more households and 144,000 more jobs are coming to Kane County by 2040.

2040 Plan Implementation Strategy

Promotes the 2040 Plan's integration of

- **Transportation**
- **Community Health**
- **Land Use**

through the following four activities:

1. **Creation of a Kane County Planning Cooperative**
2. Continue the Planning Workshop Series
3. County Funding Decisions Consistent with Plan Goals
4. Coordination with Municipalities

KANE COUNTY 2040 PLAN

Kane County Planning Cooperative

Partners

- Kane County
- Municipalities
- Park Districts
- Hospitals
- Schools
- Economic Development
- Forest Preserve
- Council of Mayors
- Townships
- Kane County Farm Bureau
- CMAP

Key Issues

- Stalled developments
- Model ordinances for emerging issues
- Municipalities with no or overextended planning staff
- Inter-jurisdictional development policies and projects
- Exposure to Health Impact Assessments as a planning and policy assessment tool
- Availability of professional planning resources for municipal planning commissions

Continue to partner with Kane County on our vision for 2040.

- **Model ordinances for emerging issues**
- Municipalities with no or overextended planning staff
- **Inter-jurisdictional transportation, planning, health and economic development policies and projects**
- Exposure to Health Impact Assessments as a planning and policy assessment tool
- **Availability of professional planning resources for municipal planning commissions**
- **FUNDING**

Kane County Planning Cooperative

KANE COUNTY PLANNING COOPERATIVE

Healthy People, Healthy Living, Healthy Communities

A Message from Chairman Karen McConaughay and the Kane County Board...

Creative, cutting-edge planning does not happen in a vacuum. It isn't the product of any one person, community or county. At the core of Kane County's planning successes over more than 50 years is the quality and long-term dedication of planning staffs, public officials and private citizens. The lasting, cooperative planning relationships that Kane County has forged are testament to the importance we place on an open, continuing discussion about the future. To assure that these relationships continue, the Kane County Board placed the creation of the Kane County Planning Cooperative at the center of its implementation strategy for the 2040 Plan. Kane County Planning Cooperative Kick-Off Meeting!

Calling all Kane County planning partners! Kane County will be hosting a kick-off meeting to jump start the Kane County Planning Cooperative, the central core of implementing the 2040 Plan and a local forum for education, analysis, communication, problem solving and by integrating health, transportation, and land use planning. We are looking forward to your participation in this countywide partnership as we work toward creating a healthier Kane County!

Please join us on:
June 28, 2012, 10:00 a.m.
[Northern Illinois Food Bank](#)

Board Room
273 Dearborn Ct., Geneva
(see their LEED Gold Certified
building featured in the [TribLocal](#))

Discussion topics for the meeting:

- Highlights from the Kane County 2040 Plan and Implementation Strategy, including the Kane County Planning Cooperative
- Roundtable discussion on Issues and Gaps
- Overview of the 2040 Plan Implementation Grants - Creating Healthier Communities
- County assistance for CMAP LTA Grants and RTA Grants

After the meeting, CMAP staff will be available to discuss project ideas for collaborative applications.

"Northern Illinois Food Bank is the first new-construction food bank in the country to receive LEED Gold certification from the U.S. Green Building Council."
-Pete Schaefer, President and CEO, Northern Illinois Food Bank

"This certification illustrates how a non-profit, specifically a food bank, can realize an energy savings of 25 to 30 percent over a traditional energy spend. The savings allows the organization to further its mission of feeding hungry people throughout northern Illinois."

2040 Plan Implementation Grants Creating Healthier Communities

The Creating Healthier Communities Grant application is now available! The grant will provide funding support to initiatives that implement one or more of Kane County 2040 Plan's six high priority health, land use and transportation policy recommendations. Contracts will be entered with organizations for projects ranging between \$1,000.00 and \$5,000.00 with required in-kind or cash contributions from the applicants.

Eligible Applicants: Funding is available to municipalities in Kane County as well as other public and civic organizations, including, but not limited to, park districts, school districts, hospitals, schools, and economic development organizations.

Application Deadline
July 31, 2012, 4:30 p.m.

Please attend the kick-off meeting of the Planning Cooperative on June 28th to discuss project ideas and hear more about the six high priority policies that projects are required to address.
